TETRA

Square perfection

TETRA

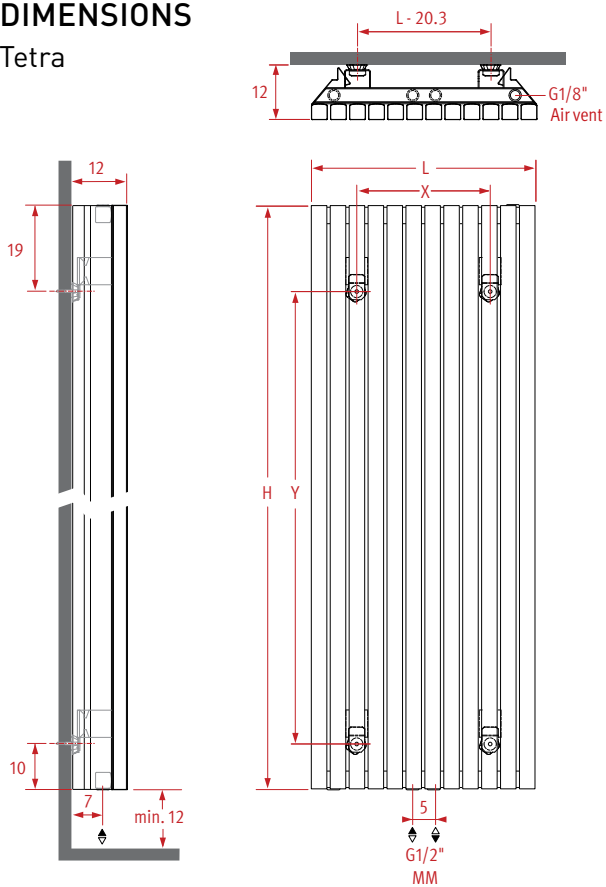

SQUARE PERFECTION

The Tetra from Jaga joins a series of cheeky square heating elements together into one substantial radiator. Together they release a particularly high amount of heat. In addition, the new structure varnish adds a discreet silver sparkle to your living room. Rock solid Jaga quality with a little humour.

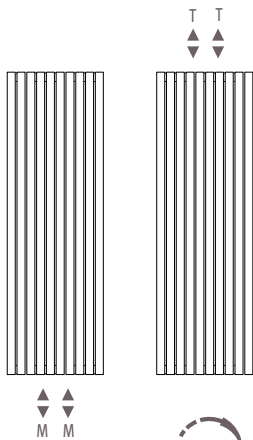

DIMENSIONS

CONNECTIONS

Standard connection
Code MM

Top end connection
Code TT

When ordering a top end connection, no insert pipe should be ordered. Air vents should be positioned on the central heating pipes.
Ordering code: specify TT instead of MM, no surcharge.

One pipe connection

The standard radiator can be connected to a one pipe system with connection sets 41 or 42. With a maximum of 2 radiators per heating ring.
